HOW J. P. MORGAN BALKED CARNEGIE WITH STEEL TRUST

Millionaire Gates Testifies How Ironmaster Was Kept Out of Railroad.

SCHWAB WAS THE LEVER

Reveals Also How Frick and Moore Lost \$1,000,000 Forfeit for an Option.

WASHINGTON, May 27.—How W. H. Moore and H. C. Frick lost \$1,000,000 to Andrew Carnegie in 1897, through the forfeiture of an option on the Carnegie Steel Works, and the manner in which J. Pierpont Morgan, Charles H. Schwab and himself conceived the United States Steel Corporation in 1899 to head off Mr. Carnegie from engaging in the railroad and tube manufacturing business, were revealed today by John W. Gates before the House "Steel Trust" investigation committee.

"The price of finished steel," he said, "became badly demoralized in 1897 or 1898. Mr. Frick and Judge W. H. Moore got the option for \$1,000,000 from Mr. Carnegie for his steel plant. Soon afterward demoralization of the business became so great that they could not put the deal through. The price, I think, was \$100,000,000. They had to forfeit that option."

Kept Carnegie Out of Railroad.

Soon the Federal Steel Company was formed with the consolidation of the Lehigh Steel Company, the Minnesota Iron Company, the Illinois Steel Company and the Elgin, Joliet and Eastern Railroad.

"In 1899 or 1900 J. Pierpont Morgan organized the National Tube Company and was making money. Mr. Carnegie then determined to build a railroad from Lake Erie around his plants and also to erect a tube works at Ashland, O. Mr. Morgan heard of it and conceived James J. Hill of the Great Northern Railroad. Mr. Morgan expressed fears that if Carnegie went into the railroad business he would demoralize the railroad situation as he had the steel business, and if he built a tube mill he would demoralize steel prices."

"After considerable talk Mr. Hill suggested to Mr. Morgan that he talk to me about it. Mr. Morgan asked me how to stop Mr. Carnegie. I told him the only man who had any influence with Carnegie was Charles H. Schwab. 'Get Schwab,' Mr. Morgan told me, 'for a conference.' I got Schwab and we conferred with Mr. Morgan all that night until 6 o'clock the next morning. When we left we had formed the tentative plan to merge the steel corporations into one concern, the United States Steel Corporation. Thereupon the plan for the United States Steel Corporation was drafted."

"Soon after that, Judge Moore went to see Mr. Carnegie and said to him: 'If you are going to take hold of your property, make them cover the National Steel Company as well.' Mr. Carnegie followed this advice, thereby getting for the National Steel Company \$50,000,000 more than it was worth."

Mr. Gates said the Steel Corporation paid \$15,000,000 for the American Steel and Wire Company, of which he was the president.

Coal and Iron Deal.

Mr. Gates testified that the accumulation by the Trust Company of America of New York in 1907, of a great block of the collateral of the Tennessee Coal and Iron Company made possible the acquisition of that company by the United States Steel Corporation. Mr. Gates said he regarded the transaction as a fraud.

Stanley then took up the letter of explanation sent to the Senate by President Roosevelt, in which he said that he gave Frick and Gary permission to absorb the Tennessee Coal and Iron Company because they told him it was in bad shape and its absorption might avert a panic.

"There are a great many underground wires in New York," said Gates. "I was told that a certain bank or trust company went to the Clearing House for help. There was a run on the bank. A committee from the Clearing House went over the bank's collateral and reported that too much was loaned on T. & I. stock. The bank needed \$10,000,000."

"This situation was taken to Morgan, who suggested that the steel corporation take over the T. & I. Company."

(Special to The Evening World.) AMERICAN LEAGUE PARK, NEW YORK, May 27.—All attendance records in the history of American League Park were smashed this afternoon, when more than 20,000 people craned their way onto the Hilltop grounds to see the Giants and the Phillies fight their second battle for the leadership of the National League. An hour before the game the stands were packed and you could not have squeezed a knitting needle between the spectators. There was a solid bank of people twenty deep around the playing field.

Several times Secretary Gray started to close the gates, but at the urgent request of the howling fans he changed his mind and allowed them to come in and stand on the grass. The new outfield bleachers, which hold 2,500, were like a drop in the bucket.

Moore stepped up for the Phillies and a great crowd of fans went up as Matty stepped out to do the trick for the Giants.

Mathewson got away to a bad start, probably put on the brakes and retired the Phillies without a run. Knabe opened with a long fly into the left field crowd for two bases and went to field on Luderus's sacrifice. Doyle grounded Welch's sharp grounder and nailed Knabe at the plate. Magee then forced out Welch on a second on a grounder to Devlin and retired the side.

The Giants also failed to score in their half, but they furnished a whole lot of excitement to the fans. Snodgrass, Murrey and Birdwell snatched a few runs out of the bases with a few single when Pasterok dashed in and by a drive caught in his glove lanes, retiring the side.

In the second Matty cleaned up the Phillies in quick order, striking out Luderus and Doolin. Walsh singled but was caught napping off first base.

In the last half of the second the Giants failed to reach first base. Moore had his cross fire delivery working like a charm and nobody could touch him. No runs.

The Giants failed to score in their half of the third, but there was two minutes of violent argument when Umpire Hager refused to allow Doyle a home run for a ball that was hit into the center field bleachers. There was a ground rule which limited all hits to two bases excepting those into the center field stand. Larry's drive hit the ground and bounced into the bleachers, but the umpire declared he didn't see it bounce and would not allow the protest. Murray got a base on balls when the excitement had subsided, but Merkle popped out and retired the side.

In the fourth Magee hit to center for two bases, but there was two out at the time and Luderus fled to Snodgrass, retiring the Phillies runless.

In the last half of the fourth Birdwell hit for a pitched ball, but the next three men died in quick order.

The Giants took the lead in the last half of the fifth, when Larry Doyle by beautiful base running got over the pan. After Doyle had gone out Doyle singled and went to second on a wild pitch. He then made a clean steal of third. Snodgrass walked, and he and Doyle worked a double steal. Larry scoring and Snodgrass going to second. Merkle also walked. Birdwell fled to Welchance. One run.

CONEFF'S RECORD FOR MILE BROKEN BY CORNELL MAN

John Paul Jones Runs Distance in 4 Minutes 15.2-5 Seconds at Cambridge.

STADIUM, Cambridge, Mass., May 27.—John Paul Jones of Cornell was the star of the intercollegiate championship here today. He earned the plaudits of the thousands present by clipping one-fifth of a second off Tommy Coneff's sixteen-year-old record for the mile run. Jones covered the distance in 4 minutes 15.2 seconds.

The time was quartered as follows: 56.26, 2.06, and 3.15 1-5. Hanavan of Michigan was second, Paul of Pennsylvania third and Lawless of Harvard fourth.

Coneff made his great mark at Travers Island in August, 1908.

Running record breaking was indulged in when Young of Amherst equalled the world's record in the quarter mile, when he navigated the distance in 45.26 seconds. Capt. Joe Horner of Michigan made a new intercollegiate record in the 16-pound shot, throwing the missile 66 feet 14 inches. The former record was 61 feet 5 inches.

Another new intercollegiate record was established for the two-mile race when Burns of Cornell did the distance in 9 minutes and 25.35 seconds. The former record was 9 minutes and 27.35 seconds. Newton of Williams was second, Hamberg of Michigan third and Williamson of Harvard fourth.
